

Investing In Community

Shut-Downs, Set-Backs & Delays - No Problem!

"Taking on an 18-month long, 4,000 square foot renovation amidst a worldwide pandemic would never have been possible without the commitment of our local industry partners. We celebrate these long-standing businesses who worked tirelessly around the clock in the name of customer service. So now that the dust has settled - come see the new Miner's North...a glittering investment to our community for yet, another generation."
